Extra Curricular Activities

We are thrilled to announce the start of our Extra-Curricular Activities (ECAs) for the upcoming term! ECAs offer a fantastic opportunity for students to explore their interests, develop new skills, and have fun outside of the classroom.

We are excited to share the ECA booklet for Term 1, which is packed with a variety of engaging activities, including external activities. From sports and arts to academic clubs and community service, there is something for everyone.

The ECA booklet has been shared with you via Class Dojo and email. If you have any questions or require assistance, please don't hesitate to contact me.

Learning Activities

Foundation Stage 2

Welcome, FS2 parents! We are thrilled to begin another exciting year filled with fun and learning. Our team has planned a range of activities and opportunities to help your children explore new skills and continue their development. We look forward to partnering with you to make this a fantastic year of growth and discovery for all our young learners!

Primary School

It has been wonderful welcoming the students back to primary school. The joy on their faces as they reunited with old friends, met their new teachers, and eagerly introduced themselves to new classmates was truly heartwarming. The energy and enthusiasm they brought to the start of the year set a positive tone for what we know will be an exciting and productive year. We are thrilled to embark on this journey together, where hard work, dedication, and a love for learning will guide us through a year filled with engaging lessons, creative projects, and countless opportunities for growth. Together, we will make this year an unforgettable chapter in their educational journey.

Secondary School

It's fantastic to see our students back in action and making a strong start to the new academic year. From the very first day, our classrooms have been filled with energy and enthusiasm. Students have quickly immersed themselves in their studies, showing great focus and determination.

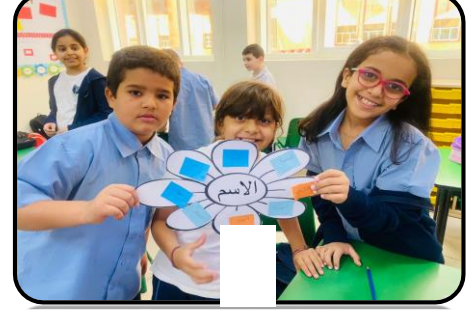

Teachers have been impressed with how well everyone has settled into their routines, and it's clear that our students are already engaging deeply with their learning. We're confident that this positive momentum will continue throughout the term, leading to exciting achievements and personal growth.

- **Correct Sitting Posture:** Guidance on maintaining proper posture while sitting to ensure comfort and prevent strain.
- **The Importance of Breakfast:** Encouraging students to start their day with a healthy breakfast for better focus and energy.
- **Healthy Eating:** Tips on reducing the intake of sugary and spicy foods to promote overall health.

Library Activities

The library is a safe and welcoming space for all and would like to welcome our students, old and new! The first day kicked off through an exchange of ideas about library expectations, Q&A games and singing the library song. From fun library activities to reading games, we will immerse ourselves in a world of learning that will pique your interest and fuel your passion. Prepare for an amazing academic year packed with excitement and discovery! Let your imagination run wild, and let's make this a memorable year. Let's work together to win this academic year!
